

ECC LEIDEN *LET'S MEET*

The perfect combination of meeting facilities, flexible workplaces and events. All designed in an industrial and urban jungle design.

Meetings

For a separate workplace, small group or much larger happenings of 50, 500 or 2500 people; with about 5000 m² of possibilities we are the most spacious location in the region. With our diversity of meeting rooms and our multifunctional 'black box' you can literally go in any direction. Choose the package that suits you and discover our attractive location with excellent catering.

Desk away from home

Just as flexible as you are! Tired of just working from home? In The Office we offer permanent places to work in peace with free internet and Nespresso coffee. There is a place for everyone to work and brainstorm, but above all to challenge yourself. Besides, you can join our lounge for a break or fresh cappuccino.

Events

Our meeting specialists are ready to take care of your event down to the last detail, of course entirely according to your wishes. We ensure that you will organize your perfect event. After all, we like to think along with you about the interpretation, decoration and the unique character or message you want to convey. Equipment, acts, catering, themes... let us know!

Hybrid meetings

In a short period of time we have gained experience with hybrid meetings. A physical meeting is combined with an online environment. For example, some of the participants can log in from home or office and still be digitally present. Of course it is also possible to stream the meetings more interactive.
