Vintage environment

During long meeting days, our guests have a wonderful break-out spot on our terrace, depending on the season in a summer beach look or winter setting. Unfortunately, the Dutch weather sometimes throws a spanner in the works to enjoy being outside. With the arrival of our Greenhouse, that is a thing of the past! Now we can always give our meeting guests a wonderful outdoor feeling. Originally used in horticulture, this stylish greenhouse has now been given a second life in Leiden.

Always outside

Meeting guests can enjoy their lunch or drink here, but this Greenhouse is also an excellent choice as a break-out room or for an informal meeting. Or just relax on the couches, that's always possible. Lots of greenery, wooden elements, carpets and vintage furniture give a wonderful, relaxed atmosphere and the electric heaters ensure a pleasant temperature. Here you can enjoy the outdoors all year round with the comfort of the inside. A unique addition to our location!

Events

For cozy drinks and events you are more than welcome to book The Greenhouse with our terrace. In combination with the permanent bar on the terrace, we can organize the best events in consultation with you. Contact us and we will be happy to make you a tailor-made proposal for you.

Who loves a garden loves a greenhouse too

The Bar

Cheers!

The Bar is the beating heart of our meeting location. A very beautiful hotspot, inspired by the industrial style of the entire building, but in a warm, contemporary setting. Here you can enjoy a pleasant afternoon break after your meeting but you can also enjoy a (Christmas) drink with colleagues or other happenings. And all that under the watchful eye of *Willem van Oranje* on the wall, a real eye-catcher ;).

You are also very welcome here for a flex desk. Because in addition to good WiFi, we offer delicious coffee, connection points for your laptop, free parking, fruit water, printing service and a bus stop less than 100 meters away. So no working from home, but working where you feel at home.
